MOU with IPCS Automation

SNGIST Group of Institutions, Department of electrical engineering signed Memorandum of Understanding with IPCS Automation Ltd., an international level Automation training provider on 21 June 2018.

IPCS representatives briefed SNGIST about the various add on courses conducted by them and suitable for B.Tech (EEE) students and new graduates. They also appraised about the increasing job opportunities for engineers in this sector in India and Middle East.

Sri.Kusuman K.R ,Chairman signed MOU on behalf of SNGIST Group of Institutions and Ms. Shilpa Menon, Centre Head, Ernakulam signed on behalf of IPCS.

SNGIST endorses energy conservation

As a part of promoting energy conservation activities, department signed MOU with Energy Conservation Society (ECS).

The MOU envisages to conduct a series of talks, seminars workshops etc., jointly with the aim of promoting the concept of energy conservation and encouraging the use of renewable energy sources.

The MOU was signed by Sri Kusuman K.R, Chairman, SNGIST Group of Institutions and Dr. Soman.K General Secretary, ECS.

Energy Conservation Club (ENCON) is constituted in the college to promote the aforesaid activities with active participation from faculty members and students.

SNGIST is institutional member of ECS

SNGIST Group of institutions, Department of Electrical engineering obtained institutional membership in Energy Conservation Society. This empowers the college to play a proactive role in promoting energy conservation activities and to encourage use of renewable energy sources.

Students' participations: Selected 12 students from S8 E participated in a one day workshop on Arduino organized by IPCS Automation on 27 June 2018.

ALUMNI MEET 2018

ALUMNI MEET 2018 was conducted on 30 June 2018, Saturday. 25 former students of EEE branch participated. The formal inauguration was followed by sharing the memories and experiences by the alumni. Musical fest and variety entertainment programs added colour to the event.
